

A collection of various hand tools including hammers, wrenches, pliers, screwdrivers, and levels, arranged on a dark surface. The tools are displayed in a professional manner, showcasing a wide range of equipment available from Ingersoll-Rand. The tools include claw hammers, mallets, open-end and combination wrenches, various sizes of pliers, screwdrivers with different handles, levels, and a tape measure. The background is a dark, textured surface, and the tools are arranged in a way that highlights their variety and quality.

MILLERS FALLS HAND TOOLS

A collection of various hand tools including hammers, wrenches, pliers, screwdrivers, and levels, arranged on a dark surface. The tools are displayed in a way that showcases their variety and quality. The background is a dark, textured surface, and the tools are arranged in a somewhat circular pattern, with some tools overlapping others. The lighting is even, highlighting the metallic surfaces and the wooden handles of the tools. The overall composition is professional and visually appealing, emphasizing the range of tools offered by Ingersoll-Rand.

saws and mitre boxes

Deluxe Steel Mitre Boxes With Back Saw. Millers Falls Mitre Boxes, world famous for quality, offer years of rugged, accurate performance. One piece cast iron bed and back for strength. Offset steel legs for improved stability. "Oilite" bearing saw guides. Steel swing lever and posts. Graduated arc and index plate. Extendable swing lever travels freely from 45° to 90°, right or left, and locks at any desired angle (automatic locks at 0°, 9°, 22½°, 30° and 45°, right or left). Automatic catch holds saw elevated when desired. Length gauge and acute angle adjustment are standard.

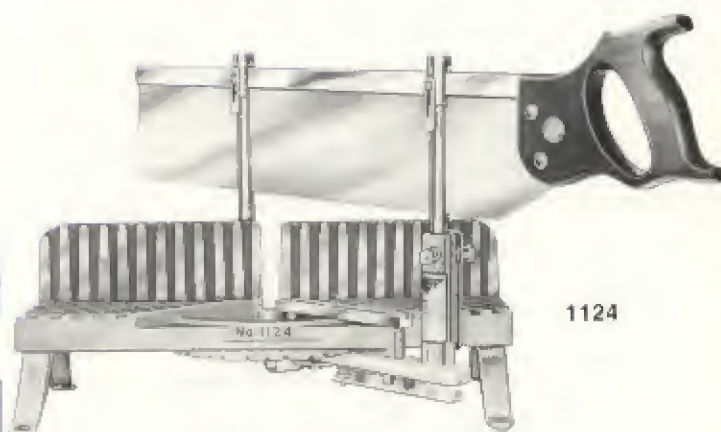

Cat. No.	Saw Size	Capacity	Master Pack	Unit Pack
74	28" x 5"	10½" at 90°, 7¼" at 45°	6	1
76	30" x 6"	10½" at 90°, 7¼" at 45°	6	1

Replacement Back Saws.

Cat. No.	Saw Size	Fits Mitre Box No.	Master Pack	Unit Pack
40022-04	28" x 5"	74	10	1
40022-08	30" x 6"	76	10	1

Mitre Box with Back Saw. Patterned after the Deluxe Steel Mitre Box, but smaller. Most accurate mitre box of its size on the market. One piece cast iron bed and back. Legs are offset so box will not tip when saw pressure is applied. Swing lever (45° to 90°, right or left) automatically locks in most used angles. All exposed parts except saw nickel plated for longer life. Automatic catch holds saw elevated when desired.
